

CILTHK Student Day 2014

8 March 2014

The Chartered Institute of Logistics and Transport in Hong Kong (CILTHK) hosted the annual Student Day with a mission to raise young people's awareness on current issues relating to logistics and transport in Hong Kong. The event also aimed at encouraging young people to develop careers in related industries. This year the CILTHK, worked in collaboration with the Hong Kong Polytechnic University, held the annual Student Day on 8 March 2014 at the PolyU Hong Kong Community College. Nine participating teams competed with each other. They were from different universities and community colleges (Hong Kong and Macau). Participants were given real case studies to solve. Students had to work against the clock to formulate solutions to topical problems. Under the supervision of Dr. Collin Wong, our five-member team of the BBA-SCM programme (Tom Wong, Alex Wong, Alex Cheng, Terence Chau and Louis Man), received the First runner-up in the competition.

Let's join hands to congratulate them.
